Re: In the Matter of Special Access Rates for Price Cap Local Exchange Carriers, WC
Docket No. 05-25

Dear Ms. Dortch:

PAETEC Holding Corp. will be filing responses to the data requests issued in the special access docket detailing the location and capabilities of our network infrastructure. However, PAETEC is unable to file the data as of the requested deadline of January 27, 2011.

PAETEC closed its acquisition of Cavalier Telephone in December 2010. The combined company is continuing to work through the process of consolidating network information to ensure that information is documented and reportable on a consistent and accurate basis. PAETEC will file a consolidated report for all PAETEC Holding Corp. entities (PAETEC Communications Inc., various US LEC entities, McLeodUSA Telecommunications Services, Inc., and CavTel entities as soon as that process is complete.

I apologize for the delay, but we prefer to provide information in a consistent consolidated format to the FCC, and believe the FCC would be better served in the end.

Respectfully submitted,

William A. Haas
Corporate VP Public Policy & Regulatory
